

# Call for Proposals: Workshops/Plenary Sessions

## Mennonite Healthcare Fellowship Annual Gathering

Proposal Deadline: Sunday, November 12, 2017

You are invited to submit one or more workshop or plenary session presentation proposals for the **Mennonite Healthcare Fellowship Annual Gathering**, June 22-24, 2018 at Hueston Woods Lodge and Conference Center, College Corner, Ohio. The theme for Annual Gathering 2018 is "Stories of Healing." Both workshops and plenary sessions should examine the interaction between faith, community, and healing. Reflections on healing in the role of patient/client, in the role of healthcare provider, or as a community fit within this theme. Perspectives from medicine, nutrition, mental health, chaplaincy, and other related fields are encouraged. Presentations of significant interest or timely nature that are not on the theme will also be considered.

Plenary sessions will be one-hour large group presentations. Workshops will be one-hour smaller group interactive sessions. Please submit a copy of your CV along with this completed form for each presentation proposal. All proposals must be submitted by Sunday, November 12, 2017.

Presenter name: \_\_\_\_\_ Profession: \_\_\_\_\_

Email: \_\_\_\_\_ Member of Mennonite Healthcare Fellowship?  Yes  No

Presentation title: \_\_\_\_\_
